

How to book a gift experience

1

Search through our massive range of unique experiences using our 'Gift Experiences' tab on the website and choose the perfect one for you. When you're happy with your selection, click the 'BOOK NOW' button.

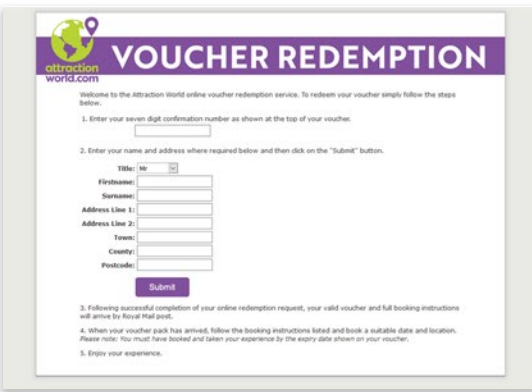

2

When you're on the basket page, simply add your **own details**. The gift recipient won't receive anything at this stage, so don't worry about including their details. Click 'CONFIRM BOOKING' to place your order.

3

Now you've purchased your gift experience, you'll receive an **e-ticket via email**. This will contain all the details of how to order your gift pack - FREE of charge!

4

After 1 working day simply logon to the **web address** detailed on your **e-ticket** and complete the form for your gift recipient (or yourself if you wish to send the pack to your own address). Your **FREE** pack will then be sent out in the post!

5

Once the recipient has received the **gift pack** in the post, they simply just need to visit the web address provided on the voucher and they'll be able to book a **convenient date** for their experience. Easy!
